**Objective**

Seeking to leverage my programming skills and experience to contribute to innovative projects and further my career in software development.

**Professional Profile**

A passionate programmer with extensive experience in creating dashboards, developing mobile applications, and designing scenarios and avatars. Proven ability to learn quickly and communicate effectively. Dedicated to continuous improvement and delivering high-quality results.

**Technologies**

- Python and Django
- HTML5, CSS3, Javascript, jQuery, Bootstrap
- React and React Native
- Github, Web Servers
- Flutter, Unreal Engine 5

**Education**

High School completed in 2021 - Sesi

Currently studying Data Science and Artificial Intelligence - Senai Cimatec

**Work Experience**

**- Data Analyst at TV Bahia**

- Created over 15 dashboards to analyze audience data, social networks, and radio stations.
- Identified growth trends and recommended changes that resulted in a 20% increase in audience engagement.

**- Mobile Developer**

- Developed the "Tá Rolando" app for TV Bahia, improving user engagement by 30%.

**- Scenario and Avatar Movement Designer at TV Bahia and Senai Cimatec**

- Designed and managed the movement of avatars, enhancing visual storytelling.

**Extracurricular Courses**

- Python - Curso Em Vídeo
- Data Analytics - Google

**Extracurricular Events**

- Pystack Week - Salvador/BA, January 2023

Participated in a bootcamp focusing on Python and Django, developing practical projects.

**Skills**

**Hard Skills:** Python, Django, HTML5, CSS3, Javascript, jQuery, Bootstrap, React, React Native, Flutter, Unreal Engine 5

**Soft Skills:** Communication, Problem-Solving, Adaptability, Teamwork, Quick Learning

**Achievements**

Successfully developed and deployed a mobile app that increased user engagement by 30%.

Created dashboards that contributed to a 20% increase in audience engagement.
